SECTION 6 REPORT FOR ARTHOG COMMUNITY COUNCIL
ENVIRONMENT ACT – BIODIVERSITY – JANUARY 2023 – ACTION TO BE TAKEN BY
JANUARY 2024

Arthog community Council is seeking to maintain and enhance biodiversity in the exercise of its functions in relation to Wales, and in so doing promote the resilience of ecosystems, so far as consistent with the proper exercise of those functions.

Arthog Community Council has embedded the consideration of biodiversity and ecosystems into their early thinking and business planning, including any policies, plans, programmes, and projects, as well as their day-to-day activities.

If there are new actions Arthog Community Council can properly take, the duty requires the Arthog Community Council to decide the policies and specific objectives for taking appropriate action, and to then take that action.

Arthog Community Council is fully in support of the Environment Act (2016) and will seek to follow the mantra embedded within the act.

Review date: April 2026
